Hammered Bronze Coffee Table With Shelf

The Hammered Bronze Coffee Table with Shelf is about raw and refined, extraordinary tactile richness set against transparent glass.

The four legs define the piece, each one deeply worked into something closer to weathered stone. Hours of hand working create depth and three-dimensionality that shifts with every angle of light.

The clean rails and toughened glass contrast rough and smooth, dark and transparent. The glass top allows the full drama of textured legs to be appreciated from above, with the eye travelling down through the shelf and floor beyond. The piece feels open and light despite the considerable presence of metalwork.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
