Aspen Coffee Table

Adam drew from the understated beauty of industrial minimalism, the raw honesty of a steel frame and the weathered patina of aged wood. The Aspen is a study in restraint; its bronzed box frame sits low and purposeful beneath a top of richly textured and aged wood, its natural fissures and tonal variation telling a story that no manufactured surface ever could. Elemental, grounded, and enduring.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
