Cecil Coffee Table

The Cecil Coffee Table is a considered design that rewards a slow, closer look. Its open rectangular frame is heavily hammered steel with a pitted surface, finished in flamed bronze. Copper and dark brown tones constantly shift as the light changes.

Each small corner bracket clasps the limestone top with precision, echoing fine bookbinding and the decorative bosses of ecclesiastical metalwork. A lower stretcher rail runs the full length of the frame at mid-height, giving it structure without extra weight. The pale, fossil-rich top sits perfectly against the warm bronze beneath. The overall result feels almost geological from every angle.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
