Embrace Coffee Tables

The Embrace Coffee Table from our Howes & Landino Collection is a bespoke coffee table with a marble top and hand-finished steel base. Available as a single table or part of a nest.

The nesting coffee tables draw direct inspiration from the organic, multifaceted forms of gemstones, resulting in dynamic pieces that shift in appearance depending on their arrangement. Available in four sizes, they offer flexible configurations for both large and intimate spaces.

Further realising the jewellery-inspired concept, the collection's surfaces are offered in a curated selection of materials, including Arabescato Verdi and ivory onyx marble, and bespoke finishes developed by Ank Bespoke, such as starburst timber veneer and liquid metal. These luxurious options allow you to customise your tables for a truly unique, tailored look.

Pieces are handmade in our Somerset studio, with a choice of finishes and tops.
