Lisbon Coffee Table

The Lisbon Coffee Table brings forged metal and natural timber into complete equality, each making the other more beautiful by proximity.

The frame is a clean, low rectangular box of hammered steel. The allover dimpled texture catches the flamed bronze finish with warmth and complexity, giving this disciplined form a real sense of life and craft. Within this dark metalwork, the oak top is laid in planks, their natural grain running the length and warm, honeyed tones glowing against the bronze with rich clarity. A pairing of wood and metal, organic and forged, brought together in contemporary simplicity.

Low, generous and quietly authoritative, the Lisbon is a bespoke coffee table that works in any interior with natural materials and considered design.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
