# Berlin Console Table

The Berlin Console was conceived during a fascination with post-war German architecture, where engineering becomes the defining visual language. The base is a composition of deliberate asymmetry, two vertical legs on the left connected by a small horizontal ladder detail and an elliptical leaf form, while curved diagonal struts sweep down from the right in a confident arc. The structure reads as a single resolved thought despite its complexity.

Finished in brass, the warm, mellow tones give the structural forms richness and material presence, keeping the piece firmly in luxury rather than industry. The black slate top sits above with absolute authority, its deep surface a perfect foil to the golden warmth below.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks

**100% BRITISH MADE FURNITURE MADE IN THE HEART OF SOMERSET**
