TOP

Dark Walnut

Criss-Cross Drawers

The Criss Cross Console With Drawers scales the crossed X-frame of its side table sibling to full console length. Moreover, two pairs of tapering steel legs meet at the midpoint with the graphic clarity of industrial design. Its limestone top emphasises contrast while the dark walnut drawers stay discreetly practical.

The construction balances sculpture and function, ensuring a sturdy, long-lasting piece. Its industrial clarity elevates it from simple storage to a statement piece. This combination makes it suitable for living rooms and offices alike. Its subtle palette allows it to integrate with varied interiors while maintaining a bold presence.

Rooted in the campaign furniture tradition, X-frames have served architects, military commanders and explorers for centuries. Moreover, the form here is stripped of ornament and resolved in hand-forged flamed bronze. The walnut drawers introduce warmth and tactility, their rich grain complementing the dark, complex tones of the metalwork.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
