## De Vere Demi Lune Console Table

The De Vere Demi Lune II Console Table is a take on our classic demi lune table. A simple and elegant table with bronze tapered legs and a curved stone top.

The inspiration for the Demi Lune II Console Table stemmed from a desire to create a piece that seamlessly merges elegance, functionality, and a sense of balance.

The table's design revolves around the striking interplay between its curved front legs and tapered back legs, which not only contribute to its visual appeal but also enhance its structural stability.

The curved front legs were inspired by the graceful arcs found in classical architecture and the flowing lines of nature. They add a sense of fluidity and softness to the table's overall silhouette, inviting a gentle and welcoming aesthetic.

The tapered back legs, on the other hand, bring a touch of modernity and visual interest. Their sleek and angled form creates a dynamic contrast against the curved front legs, infusing the piece with a contemporary edge.

The demi lune shape, resembling a half-moon, further accentuates the table's elegance, providing a sense of symmetry and balance. This shape not only serves as a functional surface but also adds a touch of sophistication and charm to any space.

The Demi Lune II Console Table embodies a harmonious fusion of classic and modern design elements, resulting in a captivating piece that effortlessly stands as a centerpiece of style and functionality in any interior setting.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
