Demi Lune Console Table

The Demi Lune II console table is a stunning piece of furniture. It is a semi-circular table that has been handcrafted with great attention to detail.

The inspiration for the Demi Lune console is rooted in a desire to create a piece of furniture that seamlessly blends traditional and contemporary design elements. Adam was drawn to the idea of creating a table that could serve as a focal point in any room, while also being functional and practical for everyday use.

The table top is a stunning piece of limestone that has been carefully selected for its natural beauty and unique characteristics. Limestone is a sedimentary rock that is formed from the accumulation of organic and mineral materials over millions of years. The result is a stone that is rich in texture and colour, with delicate variations that make each piece truly one-of-a-kind. The top has been carefully shaped to mimic the curves of the bronze base, creating a harmonious and balanced design. The specialist bronze frame finish adds elegance and sophistication to the piece, while also providing a durable and strongly supported structure.

Overall, the Demi-Lune table is a stunning example of the skill and craftsmanship of Adam Williams Design. It is sure to be a cherished and admired feature in any interior design scheme.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
