Figura Console Table

The Figura Console is about the meeting point where leg meets top. That junction is the design. Four sharply faceted corner brackets, machined to geometric precision, clasp the stone top at each corner like settings holding precious stones. The steel grips the limestone with considered care, referencing fine metalwork.

The legs taper with knife-like sharpness from these angular brackets to slender points at the floor. Finished in deep, dark blackened bronze, they give the piece cool, authoritative presence. The Jura Blue Grey top, with its subtle blue-tinged grey tones and fossil-flecked surface, is a stone of real distinction. Its quiet, complex character perfectly counterpoints the precision metalwork beneath.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
