Lenox Console Table

The Lenox Console is the piece most often asked about. Born from garden stems arranged in the studio, it explores the space between furniture and nature. The base features sinuous steel lengths that rise from root-like feet, cross and weave in a knotted tangle before arching upward to meet the glass top with natural elegance. Every curve is unique, every intersection different, hand-forged in our Somerset studio with no two pieces ever the same. Finished in bitumen on brown, the warm golden tones give the organic forms a luminosity that glows across a room, while the glass top showcases the extraordinary drama of the base from every angle.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
