Liberty Console Table

The Liberty Console is a work of pure sculptural conviction that happens also to function as a table, one of the most radical departures from conventional furniture thinking our studio has produced.

Each of the two legs is a solid, waisted monolith of steel, broad at base and top, dramatically pinched at the centre. From the side, it reads as a fully resolved sculpture, its curved silhouette referencing an ancient Greek amphora.

The underside curves upward at its junction with each leg in a smooth arc that recalls a bridge's keystone, a detail of extraordinary engineering elegance. Finished in deep black, the steel has a weight and solidity that is genuinely monumental.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
