Bitumen on Brown	W1300 x D360 x H850mm	Limestone

Newark Console Table

The Newark Console reinterprets the Demi Lune through modern metalwork. Two pairs of flat rectangular bars form minimal trestle legs, rising from a low foot in clean, upright frames that meet the underside of the top with crisp simplicity.

The angled limestone top carries classical precedent in its gentle shape, creating conversation between rigid geometry and soft form, architectural yet graceful, disciplined yet warm.

Finished in bitumen on brown, the metalwork glows with richness that sits in harmony with the pale limestone top, the warmth lifting the stone and preventing coldness.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
