Alexandria Side Table

The Alexandria was inspired by the ancient world's great meeting point of East and West, where beauty and intellect were inseparable. The design distils that spirit into something contemporary, four clean, straight legs connected by two circular rings at top and bottom, with precise geometry and considered proportions.

Finished in flamed bronze, the warm metalwork has a depth and gravitas that feels genuinely ancient. Black glass tops both the upper surface and the lower shelf, its reflective quality creating a beautiful interplay with the bronze, dark mirroring dark, each surface amplifying the other.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
