Amberley Side Table

The Amberley was designed to be as beautiful from across the room as it is up close, a sculptural object in its own right, not simply a surface. Four slender legs are connected by a clean rectangular apron and a secondary glass shelf, the entire structure worked by hand with a fine horizontal hammered texture that catches the gold leaf finish with warmth and vitality.

The cool white Carrara marble top, laced with fine grey veining, sits above the gilded frame in a pairing of extraordinary richness. Pale stone against burnished gold, each one making the other more beautiful by contrast.

Available singularly or as a pair.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
