Amberley Side Table

The Amberley was designed to do something that most side tables never attempt, to be as beautiful from across the room as it is up close, a piece with enough height and presence to hold its own as a sculptural object in its own right rather than simply a surface to rest things upon. The tall, slender frame is constructed from four straight legs connected by a clean rectangular apron at the top and a secondary glass shelf lower down, the entire structure worked by hand with a fine horizontal hammered texture that runs in precise, rhythmic lines from foot to frame, catching the gold leaf finish with a warmth and vitality that shifts from bright to deep as the light changes throughout the day. The Carrara marble top, its cool white ground laced with fine grey veining, sits above the gilded frame in a pairing of extraordinary richness, pale stone against burnished gold, each one making the other more beautiful by contrast. Available singularly or as a pair.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
