Blenheim Side Table

The Blenheim Side Table takes its name and its spirit from one of England's greatest baroque palaces, a place where grandeur is achieved not through excess but through the most rigorous and confident application of proportion, where every element is exactly as large or as small as it needs to be and not a fraction more. The design follows that same discipline precisely, a slim, rectangular frame of four straight legs and a clean apron, every surface worked by hand to create an allover hammered texture that catches the light with a mottled, living quality, then finished in Blenheim Gold, a warm and complex tone that glows with the depth of aged gilding rather than the flatness of paint. The dark wood top sits above the golden frame with a richness that anchors the piece beautifully, its deep brown grain a perfect foil to the luminous metalwork beneath. Available singly or as a pair, The Blenheim makes a particularly striking statement flanking a sofa or fireplace.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
