Champagne Side Table

The Champagne Side Table is perhaps the most purely elegant piece in our collection. It arrived fully formed one afternoon and has barely changed since.

Four slender legs taper to the floor, then flare into gently arched flutes that cradle the circular top with an almost botanical grace, like a flower head above its stem. The warm, honeyed metalwork glows with a richness far beyond the piece's delicate footprint, while the pale limestone top floats above with serene simplicity.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
