Clarendon Side Table

The Clarendon Side Table came from a desire to design a circular side table with a sense of real occasion, something that felt complete and resolved from every angle, as though the form had always existed and simply needed to be discovered. Four tapering legs, each one worked with a precise horizontal hammered texture that runs in neat, rhythmic lines from apron to floor, splay outward with a gentle confidence that gives the piece both stability and a pleasing lightness of stance. The circular frame is finished with a rebated rim, a subtle but considered detail that cradles the limestone top, the stone sitting flush and perfectly proud within its silver surround. Finished throughout in bitumen silver, a cool and beautifully complex tone that shifts between bright and shadow dark as the light moves across the hammered surface, The Clarendon has a quiet glamour that is entirely its own.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
