Dorchester Side Table

The Dorchester was designed with London's storied addresses in mind, carrying the sense of timeless, considered luxury that defines the great hotel interiors of Park Lane.

The base is refined geometric simplicity, three slender legs meeting a low cruciform foot that gives stability without unnecessary elements. Finished in blackened bronze, its cool, dark tones bring depth and gravitas that warmer finishes cannot match.

The circular Marron Imperial marble top is the centrepiece, a stone so inherently beautiful it needed complete restraint. Its extraordinary web of golden and russet veining across a deep brown ground is the focal point.

Available as a single, a pair at differing heights, or as a nest of three, the Dorchester offers interior flexibility rare in a piece of this quality.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
