Icicle Side Table

The Icicle in its side table form takes on an entirely different character to its console counterpart, scaled down in footprint but no less arresting, the concentration of gilded spires cascading from such a compact surface creates an intensity that feels almost jewel like, a piece of wearable sculpture translated into furniture. The hand forged steel spires, each individually tapered and finished in gold leaf, hang at varying lengths from the underside of the top with a density that catches light from every angle, turning what might otherwise be a simple occasional table into something closer to a luminous installation. At this height the piece works beautifully as a drinks table, a lamp table or a sculptural accent in its own right, equally at home beside a sofa, in the corner of a bedroom, or standing alone as a pure decorative object. Topped with a clean limestone slab that allows the gold beneath to remain the undisputed star.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
