Oxford Side Table

The Oxford Side Table is built around one thing: the tapered leg. We removed everything that wasn't essential. Four hand-forged legs, each with a fine hammered texture, rise from the floor to meet a slim apron. The flamed bronze finish gives a warmth that changes as the light moves across the day.

The glass top was the final decision. Instead of hiding the frame, it lets you see straight through to the metalwork, the floor and the room beyond. That gives the piece a lightness a stone or timber top could never offer.

All pieces from our Somerset studio, are handmade to order to your exact specifications and available in bespoke sizes with a choice of finishes and tops.
